

**1 D+H Mechatronic (english)****1.1 Fire detector****1.1.1 Thermal differential detector - FD-T 271****using principle of thermal differential****Performance features:**

Automatic self-monitoring of function and state;  
Individual display for alarm;  
Easy installation using removable base;

**Technical data:**

Nominal voltage: 24 V DC  
Monitoring area: max. 30 m<sup>2</sup>  
Monitoring height: max. 7.5 m  
Alarm indicator: LED rot  
Air speed: 0 - 25.4 m/s  
Temperature range: -20 °C till +50 °C  
Air humidity: ≤ 95 %  
Type of protection: IP 40  
Connection terminals: 0,6 mm Ø till 2 mm<sup>2</sup>  
Housing: ABS  
Colour: White (~ RAL 9010)  
Specification: EN 54-7  
VdS approval: G 213069

**Scope of supply:**

Detector incl. base

Brand: D+H Mechatronic AG

Type: FD-T 271
