

PS-VFM1

The ultra-compact PS-VFM1 is ideal for use in small-scale natural ventilation applications. Can be concealed inside standard back-boxes.

Performance features

- + For controlling 24 V DC drives
- + 1 ventilation group
- + 1 A total actuating current stabilised
- + Ventilation safety function (key operation OPEN / CLOSED)
- + Only for inside mounting

Technical data

PS-VFM1

Supply	230 V AC / 50 Hz / 30 VA
Output	24 V DC / 1 A
Mode of operation	Short-time duty 20 % duty cycle
Type of protection	IP 30
Temperature range	0 °C ... +50 °C
Group(s)	1
Housing	Plastic
Colour	Light grey (~ RAL 7035)
W x H x D	50 x 48 x 28 mm
Weight	0.13 kg
Art. No.	30.241.61
