CDC Series Chain drives (Twin)

CDC-TW-0502-0500-1-ACB

Performance features

- + Can be used for openings for smoke exhaust; D+H Euro SHEV in accordance with EN 12101-2; and for daily ventilation
- + With BSY+ motor and synchronised electronics controlled via microprocessor
- + Low running noises thanks to the innovative acoustic decoupling of the drive components
- 2 drive chains for optimal power application to the sash
- Connection from either the left or the right side is possible (supply includes BUS signals)

- Time-controlled reversing when an obstacle is detected in the CLOSED direction (active closing edge protection)
- Available in all RAL colours
- Integrated ACB (Advanced Communication Bus) bus interface with Modbus RTU protocol
- The drive is integrated directly via open bus communication through the ACB (Advanced Communication Bus), e.g. in a building management system
